

ETPU Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of professional ETPU machine in China, we make the Pinsheng® high quality ETPU moulding machine. Horizontal ETPU popcorn special molding machine, exported to Southeast Asia, Vietnam, Malaysia and other regions, production of popcorn sports insoles.

Product Description

The Pinsheng® ETPU Moulding Machine

As a professional high quality ETPU Moulding Machine manufacture, you can rest assured to buy ETPU Moulding Machine from us. And we will offer you the best after-sale service and timely delivery.

1.ETPU Moulding Machine Introduction

Model:PSEETPU

Brand: PinSheng

The Pinsheng® ETPU moulding machine for popcorn soles is made from the best materials and accessories on the market. Automatic equipment make the method of operation of ETPU moulding machine simple. The ETPU moulding machine is high-performance and will provide you high-class ETPU moulding product.

1.1 Mitsubishi PLC control system make the ETPU automatic moulding machine easy control.

1.2 High-precision seam technology, high-strength square tube welded by tempering prevent form deformation

1.3. High frequency impulse proportional distribution feed system.

1.4The polystyrene moulding machine sets independent air chamber of separate control, flexible for production scheduling.

1.5Application of digital proportional control technology offers more accurate control and easier operation, can also make the polystyrene moulding machine has higher production efficiency

Product Parameter (Specification)

NO.	Item	Parameter
1	Molding Specifications	1002X4 1002X3 1002X2
2	Precision mold accuracy	0.1mm
3	Steam Pressure Control	0.01kg
4	Ejection Flow control	0.01kg

5	Hydraulic Control System	Double mercury, single oil cylinder
6	Hydraulic Clamping Capacity	40T
7	Travel speed	250mm/s
8	Control System	Mitsubishi PLC
9	HMI	WEINVLEW
10	Guide Post	Φ75mmX4X4
11	Steam Inlet	DN80
12	Water Inlet	DN80
13	Perssure Air Inlet	DN80
14	Drainage Outlet	DN150
