

PinSheng EPP Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of professional epp machine in China,we make the high quality PinSheng EPP Moulding Machine.Epp materials are widely used in product packaging, electric tool boxes, bicycle helmets, etc. Welcome to buy the Pinsheng® EPP Moulding Machine from us.

Product Description

The Pinsheng® EPP Moulding Machine

The following is the introduction of high quality PinSheng EPP Moulding Machine, hoping to help you better understand PinSheng EPP Moulding Machine. Welcome new and old customers to continue to cooperate with us to create a better future!

Model:PSEPP80-130

Brand: PinSheng

Product Introduction

EPP moulding machine Main features

- 1.1 Feeding Methods:Feeding by pulse Feeding by negative pressure, Feeding by back pressure,Feeding assisted by currents of wind.
- 1.2. Smart proportional valves of high precision are in control of such processing as feeding, heating and mould unloading.
- 1.3. Intensive hydraulic power system offers the integration of powering and pressurization, thus securing convenience for maintenance.
- 1.4. Precise joint retention accuracy, with the margin of range lesser than 0.5mm.
- 1.5. Frames of high rigidity, promise and secure enduring production in responsive to EPP industry.
- 1.6. Various devices for safety, with good practicability Product Parameter (Specification)

Product Parameter (Specification)

Item	Unit	PSEPP80	PSEPP120-14	PSEPP120-16	PSEPP130
Mould Dimension	mm	800X1300	1200X1400	1200X1600	1300X1800
Max Product Dimension	mm	800X1300X350	1200X1400X350	1200X1600X350	1300X1800X350
Stroke Speed	mm/m	300			
Steam Perssure	bar	0.03-0.08			
Control Accuracy					
Steam Perssure	Mpa	>0.6			
Steam Inlet	mm	DN100			
Cooling Water Perssure	Mpa	>0.4			
Cooling Water Temperature	℃	40-50			
Cooling Water Inlet	mm	DN100			
Compressed Air Pressure	Mpa	>0.6			
Compressed Air Inlet	mm	DN25			
Outside Dimension	mm	5000X2700X4100	5000X2800X4500	5000X3000X4500	5000X3200X4600
Weight	kg	10000	11000	12000	14000

Product Feature And Application

Continuous Pre-expander produces all kinds of EPS product.

EPS is widely used and can be seen in all areas of life.

FAQ

1.Where is your factory located?

We have 2 production plant, one plant locates in Hangzhou which professionally producing EPS/EPP/ETPU machine. Another factory locates in Jiangsu Provide which producing EPS/EPP/ETPU mould. Both two factories are pretty close to the Shanghai port for easiest transportation.

2.Do you have detailed and professional installation manual?

We will provide very detailed installation manuals and videos, and the service until you are satisfied

3.Are you a trading company or a manufacturer?

We are manufacturer.

4.Q:How long is your delivery time?

Normally delivery time is 30~45 days.

5.Q:How many years have your company made this kind of equipment?

More than 10 years.

6.Q:Can I only buy some spare parts from you?

Yes, we also provide all kinds of spare parts that relatives to our machine.

7.How do you pack the equipment?

We will strengthen and protect the equipment to ensure that they will not be damaged during transportation.

8.Q:Can you send your staff to install the equipment for us?

Under normal conditions, it is possible. Now it is an epidemic situation. We will try our best to assist in case we cannot send technician in time. We will also conduct video connections with guests to teach them to install them in place.

9.Q:Can you can design the equipment according to our size?

Yes, it is acceptable

10.Q:How many production lines in your factory?

We have total 10 production line.
